## The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it? The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and bath do for the churn—absolutely removes every taint or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood. If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant annoyances.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading physicians and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. E. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the increased elements entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

## ANOTHER TRUNK MYSTERY.

Another trunk mystery was revealed yesterday by the finding of the body of Minnie K. Morjian in the room of Vahan Nalbadian, in a boarding house in Lyon, Mass. Both Morjian and Nalbadian were shoe-workers.

There was a bullet wound and several knife wounds in the breast. The body, which was fully clothed, probably had been put in the trunk Saturday night or early Sunday morning, for Morjian was seen by his sister in Boston Saturday afternoon.

That the motive for the murder was not robbery is shown by the fact that the man's bankbook, his gold watch and chain, and some loose change were found in his pockets.

The police say that since the victim's return from a trip to Chicago, about two weeks ago, he had earned but \$15, and probably had spent nearly all of that.

The police are anxious to find Nalbadian, who also is known as Frank Jones. Nalbadian has been missing since Monday, and the police believe he has sailed for a foreign port.

Chief Burke says he is satisfied that the murderer and Morjian went together to Nalbadian's room either Saturday night or early Sunday morning, and that while there the crime was committed.

In the bank book was a note which said: "If anything happens to me notify L. B. Adams, 388 Center street, Jamaica Plain."

L. B. Adams, to whom reference is made in a note found in the pocket of the victim of the Lyon trunk murder, is a newspaper photographer in New York. Morjian's sister was the wife of one of Adams' relatives. The couple quarreled, it is said, and separated. Morjian is reported to have taken the side of his sister against the woman's husband and, it is reported, incurred the husband's enmity.

## PREDICTS NEW RELIGION.

Charles W. Elliot, president emeritus of Harvard, in an address before the Harvard summer school of theology at Cambridge, Mass., yesterday, prophesied the advent of a new religion.

"It will not be bound dogma or creed," he said. "Its workings will be simple, but its field of action limitless. Its discipline will be training in the development of cooperative good-will. It will attack all forms of evil."

"There will be no supernatural element; it will place no reliance on anything but the laws of nature. Prevention will be the watchword, and a skilled surgeon one of its members."

The coming religion, he thought, would be based on two great commandments, the love of God and the service of fellowmen. "The new religion," he said, "will not be based upon authority; the future generation is to be led, not driven. In the new religion there will be no personification of natural objects; there will be no deification of remarkable human beings."

"The new religion will not teach that character can be changed quickly. It will not deal chiefly with sorrow and death, but with joy and life."

"God will be so imminent that no intermediary will be needed. Its priests will strive to improve social and industrial conditions. The new religion will not attempt to reconcile people to present ills by the promise of future compensation."

## KILLED BY EXPLOSION.

By a premature explosion of fifty pounds of dynamite at Brooke's stone quarries near Frederick, Md., yesterday evening, Oliver D. Best, white, and William Furnace, colored, were instantly killed.

Mr. Best was blown to pieces, the trunk of his body being hurled a distance of 100 feet. The colored man was lifted high in the air and blown across the quarry, a distance of nearly 150 feet.

Particles of flesh from Best's body were picked up within a radius of fifty feet of the place of the accident. The men were preparing a blast when it was accidentally discharged. The concussion discharged the dynamite which was close to where the men were standing. The force of the explosion shook houses a quarter of a mile away.

## WOULD EXCLUDE BIBLE.

Sunday school teachers should leave their Bibles at home when they set out to teach, according to Prof. C. W. Votaw, of the University of Chicago division school, who lectured on "Ethics and the Sunday school" at the university.

The speaker declared the Bible was not modern enough for the child, and that neither the pupil nor the average teacher could understand the scriptures sufficiently to consider them. Prof. Votaw would have the Sunday school pay more attention to topics connected with contemporary existence than to the scriptures.
